High
dimensional
stability

High
accuracy

Good wear
resistance

13.6" 7K LCD-D136

Large printing size professional 3D printer

Print Size

298x165x300mm

Print Speed

Max.60mm/h

Layer thickness

0.01-0.1mm

Supported Resin

405nm Photosensitive resin

Light Source

Integrated Light Source

10.3" 8K LCD-DJ89Plus

New upgrade Jewelry 3D printer

Print Size

228x128x100mm

Print Speed

Max.60mm/h

XY axis accuracy

29μm

Molding chamber heating

20-45°C

Feeding

Automatic
